

aboutUS

The Farmout Exchange is created and managed by The Lease Auction House LP, the industry leader in the acreage markets. The Lease Auction House is active in marketing undeveloped leaseholds and unleased acreage in every major shale play across the country. We pride ourselves on our ability to provide opportunities to the industry through acreage transactions, and our knowledge base of industry activity.

BENEFITS OF LISTING ACREAGE

- Monetize non-core leaseholds through outright sale or industry trade
- Accelerate NPV on deeper pay zones or offsetting PUD's
- Increase reserves from Probable and Possible Location drilling activity
- Strengthen company balance sheet through use of Farmout Exchange
- Maintain drilling commitments
- Retain upside through farmout or monetize leases with looming lease expirations
- Prioritize your portfolio

The Farmout Exchange has been created by The Lease Auction House as we continue to add liquidity to the acreage markets. The Farmout Exchange is an industry marketplace exchange where Oil and Gas Companies can both market their non-core acreage as well as learn of acreage opportunities in their areas of interest. The Farmout Exchange will help your company achieve monetizations of non-core leaseholds, accelerate NPV on deeper pay zones or offsetting PUD's, and increase reserves through potential Probable and Possible Location drilling activity, The Farmout Exchange can be a valuable tool for strengthening your balance sheet.

oil & gas companies membership

The Farmout Exchange is your industry resource

for opportunities in your portfolio that are unexploited. If you've

got expiring leaseholds, or drilling locations on existing acreage you have no immediate plans to drill, our network can help you monetize these assets. Our Exchange is also a valuable resource to operators who possess HBP acreage due to shallow production where there is extensive deeper pay potential. Companies who may lack the capital, or have little desire to drill deeper, more expensive wells will benefit greatly from the Exchange.

drilling companies

If your company is an aggressive drilling company looking for attractive prospects, then becoming a member of The Farmout Exchange will provide you with opportunities and increased deal flow. Our inventory of potential drilling prospects and acreage farmouts marketed through our monthly newsletter will become required reading for you to stay on top of the acreage markets.

Registering for The Farmout Exchange is free. To enroll, all you have to do is fill out a Buyer/Seller Profile on our website, www.leaseauctionhouse.com. Listing a property is as easy as filling out a listing agreement; we handle the rest. Our experienced staff will construct a package for your property, including an executive summary, reference map, geology, engineering data (if applicable), and any other information that may be useful.
